Barley Snyder

CYBERSECURITY

Barley Snyder's cybersecurity team is dedicated to helping the firm's clients navigate the complex laws, regulations and standards that relate to cybersecurity. Our emphasis on cross-practice and cross-office collaboration enables us to bring proactive, in-depth knowledge and experience to the legal and business needs of clients across industries in the area of cybersecurity. Leveraging our Practice Excellence standards and capabilities, we have a particular focus on the handling of data breaches, cybersecurity compliance and counseling, transactional support and contract review, and cyber-related litigation. Our goal is a practical one to help our clients leverage the value of technology that meet compliance obligations while still delivering value to the client's business.

Data Breach

- Coordinating breach notification responses and assisting companies with forensic support.
- Counseling companies, officers, and boards of directors on developing and implementing risk and crisis management strategies.
- Liaising with government and state law enforcement.
- Proactive protection counseling and planning.

Compliance

- Training and advising clients regarding compliance with international, federal, state, and local laws and regulations governing data security.
- Facilitating network security, privacy and cybersecurity compliance audits.
- Counseling on data compliance strategies and the development of proactive data protection programs.

Transactional Support And Contract Review

- Guiding clients on cybersecurity risks that may be underlying in a potential transaction.
- Performing cybersecurity-specific due diligence to assess and address risk in the context of mergers and acquisitions, private equity transactions and other corporate transactions.
- Reviewing and negotiating contracts concerning data and vendor relationships, reviewing investment disclosures and analyzing risks inherent in the investment in and use of data.

Litigation

- Defending companies in government and regulatory investigations.
- Defending companies in class action and other litigation resulting from data breaches.
- Enforcing actions against third parties liable under contract or other standard of care.
